- Overview: Arguably one of the nicest seafood restaurants in Destin you'll find, Boshamps is a relatively new restaurant with amazing food and service. Their

location is raised above the Destin harbor with perfect views of the sunset from their huge outdoor deck (with an outdoor bar!) so not only is their food and their service top notch, but the views don't get much better than this really anywhere on the harbor. On the menu you'll find huge portions of fried and grilled locally caught fish and shrimp, and they have fantastic oysters as well served in a variety of styles. In addition to that for those members of your party, there's a whole helping on non-seafood dishes like patty melts, burgers, tacos, and more. The restaurant is very nicely decorated with great staff offering great service and the outdoor deck offers up such a wonderful atmosphere that every penny is worth it.

- [Dewey Destin's Seafood Restaurant](#) (casual dining)

(Crab Island Location)

- Overview:

The first of two locations in Destin that Dewey's has to offer is the one overlooking Crab Island. This location is extremely casual, serving up lots of grilled and fried fish, shrimp, and more in plastic baskets with hefty portions of fries and hush puppies as standard side items. You order at the counter and find a seat at one of the many picnic tables lining the two docks over the water and the staff will shout your name to find you when the food is ready. Consider the possibility of inclement weather at this location because there is only a limited amount of seating available in the enclosed portion of this location.

The second of Dewey's two locations in Destin is right on the Harbor. This rendition of Dewey's is a bit more upscale, but not too much so. You definitely would want to come here showered up after a long day at the beach instead of in your swimsuit like you could at the other location. If you're looking for seafood offerings of more than the standard fried fish and shrimp, you'll be pleased to find a catch of the day option that will include seasonal fish like snapper, grouper, and more. Appetizers include offerings like hot crab dip and some of the signature entrees include yellow fin tuna and mahi mahi. You can also take advantage of the Cook Your Catch option where, after a long day of fishing on your charter boat, they'll cook up your catch for you just right and serve you two sides along with it. This is an incredibly unique feeling to reel up your catch, carry it up to the restaurant, and then suddenly it's right in front of you cooked to perfection.
